

## THE LEAD RETRIEVAL YOU'VE BEEN WAITING FOR

Get unlimited scanning, quick lead qualification, and the ability to measure your booth staff's performance—all with the device you already own and the mobile app you've already downloaded for the event. Introducing the lead retrieval you've been waiting for.

### Unlimited Users, Unlimited Scanning

Scan as many leads as you want with as many mobile devices as your entire booth staff owns. Leads are synced to the cloud in real-time from wherever you are, so scan the badge of the person you're talking to in the coffee line, at lunch or at happy hour too.

### Easily Qualify Your Leads

Lead qualification has never been made easier. Rate the quality of your leads with just a few taps then add any notes you want. Make edits to your leads at any time, so if you're booth is extremely busy, you can quickly qualify your scanned lead and add important notes later.

### Retrieve Your Leads Anytime

Following up with leads you've captured in a timely fashion is crucial which means having access to lead information is key. As your booth staff scans, lead information is updated instantly so you can export your leads and upload to any CRM whenever you want.

### Track Your Booth Staff's Performance

Ever wonder who's really working the booth? Since everyone uses their own device, you can easily keep track of the quantity and quality of leads each person scans. Measure your booth staff's performance and decide who to keep on staff for the next event.
